REDWOOD ACADEMY

Intermediate Phase **GRADES 4 TO 6**

OUR METHODOLOGY

The Redwood Academy intermediate phase offers a dynamic, multi-cultural environment. Small classes allow for individual attention as well as effective group work value and our approach plays a key role in assisting the social, emotional, and academic wellbeing of every learner. We know each child and your child will never be lost in a large school environment and never fall between the cracks.

Working within a technology enhanced environment, the focus is on understanding the learner's potential and encouraging both logical and creative thought processes depending on the learner's potential.

Learners are encouraged to stay curious and work towards independent problem solving and our curriculum is taught in a hands-on and practical manner. In this way, learners are equipped with the skills they need for successful ongoing, lifelong learning, making Redwood Academy a school of choice.

REDWOOD ACADEMY

Redwood Academy campus is nestled in the heart of Ormonde.

The classrooms, studios, laboratories and centers all form part of our school's beautiful architecture which incorporates the necessary sporting facilities.

BEGINNING GRADE 4

The intermediate phase can be daunting for grade 4 learners as this is the first year in which they come into contact with different teachers for each subject. We are well aware of this and teachers take care to make sure learners are eased into the new learning process.

The Redwood Tree

My father once told me a story about an old Redwood tree –
How she stood tall and proud –

Her sprawling limbs clothed in emerald green.

With a smile,

he described how she was a mere sapling –
sheltered by her family and basking
in the safety of the warm, dappled light.

But as this tree grew taller,

She found herself at the mercy of the cruel wind and the vicious rain.

Together, they tore relentlessly at her pretty boughs.

Until she felt as though her heart would splinter.

After a long, thoughtful pause, my father turned to me and said:

“One day, the same may happen to you, and when that day comes –
remember the Redwood tree.

Do not worry about the cold wind and the vicious rain –
do as that tree did and just keep growing”

- - Lang Leav (adapted)
